Sydney P. Roe Esq.

Secretary of the American Numismatic Society.

Dear Sir,

My friend Dr. Lauri Tudeer tells me, that the American Numismatic Society would be inclined to exchange publications with the Finnish Archaeological Society. We for our part take a great pleasure in such an exchange. I therefore now take the liberty of sending to you those of our publications, that contain something of numismatic interest. As for the future we shall forward to you both of

our periodicals, i.e. Finskt Museum - Nomen Museo,  
and Finska Fornminnesföreningens Tidskrift, and  
also our separate monographies, the first of which  
soon appearing, contains a paper in English on  
Anglo-Saxon coins found in Finland.

We shall be glad for receiving, in return,  
your valuable publications.

Believe me, dear Sir,

Yours most faithfully  
C. A. Nordin  
Secretary of the FAS
